BEAT THE POST OFFICE BLUES WITH ELECTRONIC GREETING CARDS

BROOKLYN, NY (April 24, 2006) – Sick of standing in long lines at the Post Office? Tired of not knowing whether your precious messages were received by the recipient? Beat the "Post Office Blues" with personalized electronic greeting cards (e-cards) from GD-eBox , www.gd-ebox.htm

	<p>Graphic artist and branding strategist Everaldo Gallimore's draws upon his 20+ years of professional experience to create inspirational, interactive greeting cards that will be cherished, remembered -- and most importantly, received -- by the intended recipient.</p>
	<p>They are not like other electronic greeting cards. Gallimore's ebox ecards are unique:</p>
	<ul style="list-style-type: none">· Can be sent to one or thousands of recipients for a single one-time fee
	<ul style="list-style-type: none">· Includes up to three lines of personalization
	<ul style="list-style-type: none">· Involves unique pieces of interactive art complete with animated mosaic-like photos and inspirational messages

GD-eBox ecards can be purchased individually for events such as Mother's Day, birthdays and religious holidays at a cost of \$39.00 per e-card. In addition, Gallimore is offering two three-card packages. The first, entitled "Business Etiquette" includes a birthday, congratulations and thank you e-card. The second, a "Relationship" package, includes a Mother's Day, Father's Day and Valentine's Day e-card. Packages cost \$89.00 each. Additional fees apply if the purchaser wishes to add music or customize beyond the three-line limit.

Gallimore's clients are thrilled with the results. Roger Madison, Jr., president of iZania LLC, a satisfied Gallery Box© Collection client states, "The high-quality e-cards fit our distribution needs for communicating directly with our audience of more than 4,300 subscribers. Our customers like the greetings and from a marketing standpoint, we received a high click through response."

"Printed greeting cards are so one-dimensional, and they all look the same. I thought I could lend my expertise to creating a greeting card collection that was unique, creative and multi-dimensional – something that would capture the attention of the end-user and be memorable," said Gallimore in a recent interview.
